

# WiFi4EU Program and Promotion

Unlock the Value of Smart Cities with Ruckus Solutions

PROMOTION

## Region:

EMEA RESELLER Version

## PROMOTION PERIOD:

March 1, 2018 - December 31, 2018

## PROMO CODE:

2018-WIFI4EU

## OVERVIEW

The European Commission launched the WiFi4EU program to deliver free Wi-Fi hotspots across Europe. With the goal to enhance the quality of life for citizens and visitors, the EC has established a budget of €120 million to help connect 6,000 – 8,000 areas of community life such as parks, public buildings, libraries, health centers and museums. Through a €15,000 voucher scheme, Public Sector beneficiaries can apply for funding to deliver their connectivity projects. For further information, including eligibility and how to apply, please refer to the [EC FAQ document](#).

Ruckus has extensive experience successfully deploying [Wi-Fi to enable “smart cities” around the world](#). To support the WiFi4EU initiative, Ruckus is offering a limited-time promotion for you to more easily implement state-of-the-art Wi-Fi in your customers’ communities.

## PROMOTION

For WiFi4EU opportunities only! Special pricing on the following select Ruckus indoor and outdoor solutions, including an offer for FREE 3-year Cloud Wi-Fi subscriptions; valid through the end of December 2018:

- [R510 \(indoor\) and T300 \(outdoor\) 802.11ac access points](#), both the controller-based as well as [Unleashed™](#) controller-less version. These APs deliver secure, reliable, high-performance Wi-Fi using our patented technology.
- [ICX 7150](#) entry-level, multi-gig, standard and compact access switches with PoE (12, 24, and 48 port versions). All optics and accessories supported by the ICX 7150 are available at the same discounted price.
- [Cloudpath™](#) secure wired and wireless network access for BYOD, guest users and IT-owned devices. The subscription includes cloud-hosted software for 1 user, for networks with 100-999 total users (unlimited devices per user), as well as maintenance and support.
- [Ruckus Cloud Wi-Fi](#) for simplified WLAN set-up and management (not supported with Unleashed access points). The subscription includes AP management, reporting and analytics, and support.
